

COVID-19 Community Education Empowerment Program

A Virtual Internship for STEM College Students

The COVID-19 Community Education Empowerment Program, a collaboration of New York City medical schools, will recruit underrepresented in medicine, first generation, and disadvantaged college and gap year students interested in medical and health careers to learn about COVID-19 and disparities, vaccine science, the roles of medicine and public health, and strategies for community education and empowerment.

Steering committee:

Dr. Susana Morales, Weill Cornell

Dr. Lynne Holden, Einstein and Mentoring in Medicine

Dr. Gary Butts, Mount Sinai

Dr. Joseph Osborne, Weill Cornell

Dr. Carla Boutin-Foster, SUNY Downstate

Dr. Joseph Ravenell, NYU

Dr. Hilda Hutcherson, Columbia

Curriculum will include:

- Virology and Pandemics
- COVID Biology and Prevention
- COVID 19, Disparities and Ripple Effects
- Effects of COVID
- How the Immune System Works
- How Vaccines Work
- COVID 19 Vaccine
- Vaccine Hesitancy
- Communication with Role Playing
- Reliable Resources/Public Health and Access
- Capstone Presentation
