

3rd Annual Cornell Center for Health Equity Symposium

October 20-21, 2022

Belfer Research Building Conference Room 302-ABCD

Sponsored by:

The Cornell Center for Health Equity

Weill Cornell Medicine Division of General Internal Medicine & Weill Department of Medicine

Call for Abstracts

Join us at the 3rd Annual Cornell Center for Health Equity Symposium to showcase your scholarly work in health equity!

This symposium will inform our academic, community and student members about the diverse research efforts ongoing across the campuses in the area of health equity, and to stimulate discussions about novel cross-campus collaborations through face-to-face dialogue, aiming to kindle new and expanded research collaborations between the campuses.

**Abstract Deadline:
September 16, 2022, at 5pm ET**

Eligibility

- Faculty, undergraduate and graduate students, postdoctoral trainees, and staff at all levels in any department at Cornell University and affiliated institutions and community organizations are eligible to submit an abstract. Student submitted abstracts should include approval from their research supervisors.
- One abstract submission per first author.
- Abstracts on original research may be focused on any topic relevant to the health equity of people of all ages.
- Abstracts on education research in health equity are welcome.
- Abstracts on community-based projects or programs are welcome.
- One of the authors must commit to being present on October 21, 2022 to present the work.

Abstract Guidelines

The abstract submission should include the following:

1. Title
2. Authors, email addresses, including institutional affiliation and academic title (or community organization), with presenting author clearly identified
3. If the presenting author is a student or trainee, identify as such and identify the mentor(s)
4. Funding source, if any; if no funding source, state so
5. All author potential conflicts of interest with the topic matter
6. Abstract text, including headings of Background, Methods, Results, Limitations, Conclusions, Implications. Limit text to no more than 500 words.
7. One figure OR one table may be included. References are not required.

Email abstracts as a PDF to centerfortheequity@med.cornell.edu by **September 16 at 5pm ET**.
